23rd January 2018

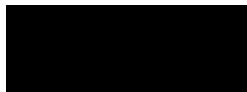

Dear Mr Huck,

Centrica welcomes the opportunity to formally comment on Barrow Council's draft Local Plan. Centrica supports the Council's proposal under Policy EC7 'Energy Uses Opportunity Area' to reflect the importance of the land at the former Roosecote Power Station for future energy development.

Centrica is currently developing two projects within the grounds of the former Roosecote site. Including, one of Europe's largest Battery Energy Storage Systems and a fast-response gas-fired peaking facility; these assets are capable of providing the Grid with circa 100MW of power, when it's needed most.

We look forward to continuing to work with local stakeholders as plans move forward.

Yours Faithfully,

Jennifer Snowball

Development Manager.

On behalf of Centrica Distributed Generation Limited, Centrica Plc.
